A.G. Arutyunov
- **Targeted therapy in the treatment of COVID-19 – data for 2022**
S.N. Avdeev
- **Monoclonal antibodies in the treatment of COVID-19**
D.S. Fomina

Room No.2

Satellite Symposium
Type 2 diabetes and heart failure. How to sail between Scylla and Charybdis without a loss?
Sponsored by Boehringer Ingelheim

Moderator: G.P. Arutyunov

- **Heart failure with reduced ejection fraction - the importance of nephroprotective therapy**
M.M. Batyushin
- **When do we start therapy for heart failure with SGLT2 inhibitors: inpatient or outpatient?**
G.P. Arutyunov
- **Type 2 diabetes and heart failure. How to sail between Scylla and Charybdis without a loss?**
Yu.Sh. Khalimov
- **Practical aspects of iSGLT2 use when administered without type 2 diabetes mellitus**
I.B. Zhironov

16:00-16:30 PM

Break

16:30-18:00 PM

Room No.1

Symposium
Post-COVID: long-term changes

Moderator: A.G. Arutyunov

- **Optimizing hypertension treatment in the post-COVID period**
O.D. Ostroumova
- **A patient after COVID-19 as a new risk category**
A.G. Arutyunov
- **Antibiotic-associated colitis in Post-COVID**
N.V. Bakulina, O.I. Solovieva
- **Rehabilitation after COVID-19. Experience of the Republic of Armenia**
L.A. Manukyan

Room No.2

Symposium
From atherosclerosis to CHF: what's new in 2022

Moderator: O.N. Dzhioeva

- **A patient with thrombosis: diversity of the problem and unity of solution**
O.N. Dzhioeva
- **Oral GLP-1 receptor agonists: new perspectives**
Sarantis Llvadas
- **Therapy to prevent deep venous thrombosis (DVT) and pulmonary embolism (PE) in patients with CHF (congestive heart failure) – new steps in 2022**
A.B. Sugraliev

18:00-18:15 PM

Wrap up of the Conference
